

**Revolution
GHP**
DIAMOND SYSTEMS™

The LP230 is the next evolution in planetary polishing equipment.

This ride-on power trowel is a variable speed Grinding, Honing and Polishing (GHP) machine that runs on energy-efficient clean-burning propane and eliminates the need for high voltage power cords.

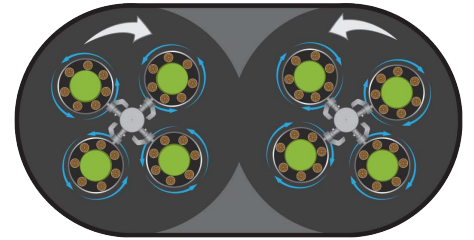

Fits Through 32" Openings

Patent # 7815393 and Patents Pending

Model LP230 Specs

Length	61"
Width	31"
Height	41"
Weight	640 lbs. w/wheel kit 570 lbs. without kit
Motor	Honda GX390E
Power	Propane
LPG Tank Size	20 lbs.
Battery	12 volt
RPM Engine	3600
Rotary Arms	8
Polishing Width	61"
Rotary Action	Planetary

Planetary Action

Features

Benefits

61" Processing Path	For Faster Concrete Processing
Fits through any 32" Opening	Easy Access to Tight Areas
Detachable Wheel/Lift Kit	Provides Safe Transport & Pad Changes
Detachable Lift Handles	Allows for Manual Lifting
Key Start	Easy and Less Strenuous to Start
Integrated Safety Kill Switch	For Operator Safety
Multiple Secure Lift Points	Versatile Lifting Capabilities
Adjustable/Removable Seat	For Operator Comfort
Compact Size	Fits Easily into Bed of Pickup Truck

Liquid Propane Vapor System

- CARB Certified: California Air Resources Board (ARB) Environmental Protection Agency (EPA) Certified
- Complies with OSHA Indoor Air Emissions (Less Than 1% CO)
